For The Bride

Synopsis

From celebrity stylemaker and wedding guru Colin Cowie comes the ultimate style guide for the modern bride. Like its companion volume, *For the Groom*, *For the Bride* offers expert guidance on everything from creating an unforgettable wedding to making a graceful transition to life as a newlywed. Colin begins by walking you through the planning, ordering, and arranging necessary for a memorable wedding that everyone will enjoy. He covers all the details from flowers to dresses, registry to reception, with tips on how to tactfully negotiate the guest list and how to make your wedding a personal expression of your identity as a couple. Colin goes on to demonstrate how to let the momentum of your wonderful wedding celebration set the tone for your upcoming life together. Your wedding can and should be a springboard for a lifetime of welcoming family into your home and entertaining friends with charm and verve. Of course, marriage is more than just a succession of parties. Which is why Colin has also devoted attention to the practical marital arts: how to communicate, merge your finances, settle disagreements, and keep the romantic spark alive. With its gorgeous black and white photos, timeless advice, and elegance of tone, Colin Cowie's *For the Bride* is as indispensable as it is beautiful, and a natural engagement gift for any woman. In *FOR THE BRIDE*, Colin walks future brides through the planning, ordering, and arranging necessary for a memorable wedding that everyone will enjoy, covering all the details from engagement to reception. From flowers to dresses, from selecting items for the bridal registry to negotiating the guest list and seating chart, Colin's got it covered. *FOR THE GROOM*, written with Colin's trademark charm and practicality, guides husbands-to-be through it all, from how to propose to what to buy for the first anniversary gift. With all the answers the bride wishes the groom already knew: how to assess the quality of a diamond, how to host a rehearsal dinner, how to win over her parents, and much more, *FOR THE GROOM* is a natural engagement gift for any and every guy soon to be married. Illustrated with photographs from weddings Colin has planned and written with a warm, engaging tone, *FOR THE BRIDE* and *FOR THE GROOM* offer practical advice and romantic, inspired suggestions to create both a memorable wedding day and a graceful, stylish start to married life. -->

Colin Cowie is the owner of Colin Cowie Lifestyle, a design, event planning, and lifestyle company with offices in Los Angeles and New York. He is a contributing editor to InStyle magazine and the host of the television show Everyday Elegance with Colin Cowie on Romance Classics. He lives in New York City and Los Angeles. For more information, visit his website: www.ColinCowie.com.

This book is as much guidance on how to be an elegant lady as it is a wedding planner. His advice ranges from subtle to downright blatant, so there's very little the open-minded bride will miss. Even if you already have every wedding book in the entire world, I feel this one is necessary. Regarding the etiquette advice, I like Cowie's book the best. Many books for "fabulous girls" and "what no one tells you" etc tend to deal with things the bride has already left behind her: dating, shacking-up (how else to put that?), and how to manage breakups easily. The Cowie book has much more class, and is really about how to personify graciousness and elegance. It's an important lesson to learn as you are getting married, for as Cowie says, you are showing the world who you are now, in these all-important moments. I would not recommend getting the companion to this "For the Groom" unless you are sure he will want to read it. I bought the two books together and my fiancé has yet to do anything but sneer at it. However, I am reading the groom book as well, and find it amusing, as different topics are covered in each book, and it wouldn't hurt to have the bride read the groom book and vice versa. This would make a wonderful engagement gift, and though Cowie is text-heavy in the book and does not show picture after picture, I appreciated that, as I did want to read a book about planning and etiquette, rather than look at yet another picture book. One tiny annoying thing, there's a lot of name-dropped from celebs, but sometimes it's warranted. He tells you great ideas from celeb weddings, which do serve to make you think creatively. This book stands out from the crowd in great ways.

Mr. Cowie opened my eyes to the many possibilities for my wedding day, while strenuously reminding me throughout that graciousness, kindness, and thoughtfulness must always be present. Yes, some of his ideas are costly, but he consistently points out that the object is not what is spent, but the way in which it is done--always with respect to the people around you. His tips for entertaining during the wedding day and after made me want to start planning some parties right away!

I purchased this book for myself, and know that I will be buying it again to give as a gift. This book is

my reminder to enjoy being engaged and gives great tips to make the most of your engagement time. "For the Bride" contains invaluable information for the engaged woman that I haven't seen anywhere else. Cowie's writing is thoughtful, refined and relaxing. It can be read as a whole, in chapters, or in the small "question & answer" sections. For those of you who think that this book is for people with lots of money... this is meant to be a jumping off point. Cowie gives many suggestions of how things can be done, and stresses that anything can be done differently and altered to your own personal style. (Not everything has to be expensive!) This book is THE tool to develop the style for your wedding and your marriage. I plan on purchasing "For the Groom" for my fiancé as soon as possible.

Exactly what every bride needs to know about planning her perfect wedding - style, etiquette, logistics. Even though I can't afford to hire Colin to plan my wedding, I now know how to apply his unique approach. This book is everything the other planning books are not - gorgeous and fun! It feels like I'm treating myself to a special meeting with Colin Cowie, not trudging through the tedious details. FOR THE GROOM is even better - everything you wished your fiancé already knew. They look so great next to each other!

It is so easy to get swept away by the monumental task of planning a wedding. Reading a few pages of Colin's book each evening before sleep has been a wonderful reminder of what really matters: cherishing my husband-to-be, caring for him and for our families, being warm and gracious. Being engaged is a wonderful opportunity to shine, while all eyes are smiling on you, and to set the tone for your future life together as a couple. Full of useful suggestions and gentle humor, Colin's book is an inspiration.

I own so many wedding books that I often get overwhelmed when contemplating my wedding plans, but this book has such wonderful concrete ideas that I have used it from day one. It is very text rich, so you should give yourself at least one hour to sift through it, but it is well worth your time. Colin Cowie is a wedding planning genius and his ideas have helped me compromise on a few things, especially since our wedding is not a big budget ball.

This is a great book with lots of advice, BUT purchase it early on in your wedding planning stages. There are not a lot of photos and the few photos in the book are black and white. Don't expect to get a lot of ideas with pictures, but do get this book for exceptional advice and rules of thumb on how to

plan an elegant and stylish wedding. He covers all the right areas with rules and opinions for the bride of 2000!

I cannot express how much I enjoyed reading this book. It was instructional and had some very clever ideas I had not seen in the other fifty wedding books I've read in the last few months, however the photographs were even more impressive. I highly recommend this to any bride, although especially to those attempting to plan a semi-formal-formal elegant wedding.
