## Customer Reviews

Wedding book. Fun to look through. I didn't actually use any of the ideas. I used it as a jumping off point.

Sorry to the author, but these ideas.....ALL of them, have been published, copied and used for years!! Tulle and lights? Flowers used in church and hanging from the pews??? Make food look good??? No.... Sorry...it wouldn't have been helpful even if free...but to think I paid for it!!! The ideas aren't BAD...they're just considered common knowledge. Will be much more careful before purchasing next time!!!

I love the institution of marriage and the ceremony of two lives being united as one. Paris has put together a diversified array of wedding decorations in "Wedding Decoration Ideas." I love the twist with the photos being framed like a work of art. I've decorated weddings for my daughters, nieces and friends from church. Believe me every bride wants a unique wedding that reflects her taste and one she can look back on through the years and enjoy. Wedding Decoration Ideas give you a starting point for ideas that you can adapt for your wedding or for a loved one. There's so much to plan even with a simple wedding ...trust me pictures help.

Not worth the money

Anyone seeking information about wedding decoration ideas could definitely benefit from reading this book. Not only does it contain helpful decoration ideas, but there's also a lot of beautiful pictures

that compliment many of decoration ideas provided. This is an excellent wedding book, well worth reading if you're planning a wedding in the near future...

The was the most useless item I have ever purchased through . It is put together like a Power Point display with totally outdated ideas. Please- don't waste your \$\$.

Worst book i ever used my money to buy. It is not worth the waste of penny. Poor quality, the pictures are not colored, it looked like a badly photocopied papers attached together.

There is nothing better than a wedding in my mind. The joining of two people in love with many hopes and dreams. Why not start of that union with a great party decorated to the max. Paris Kay Herson has given us the ingredients to a perfect party with beautiful decoration ideas. This book is creative and fun!
