# Mossad: The Stories You Haven't Heard Of Israel's Most Effective Secret Service

## Synopsis

Available at Discounted Price for a LIMITED TIME ONLY! Since their formation in 1949, the Mossad has continually lived up to the name given to them, the godfather of all spy agencies. They combine intellectual leadership with a ruthlessness that has impressed both, allies and foes alike. Their willingness to use extreme tactics like kidnapping and assassination to track their enemies is something out of a fiction book. It is because of these methods that the nation of Israel has been able to hold its ground in such an unstable area of the world. Israel, since its formation as a country, has been seen as a usurper of the land formerly owned by its neighbor, Palestine. An argument that will continue until one of the countries is either destroyed or disarmed. Palestine, being an Arab nation, has many allies in the surrounding areas, giving them a geographical advantage. Be that as it may, the drive and mercilessness of the Mossad is able to keep Israelâ™s head above water and their interests intact; however, Israelâ™s national intelligence agencyâ™s reach is far greater than just the middle east. They have a global network. The agency has performedâ™or been a part ofâ™some of the boldest and fearless operations ever executed. For example, after the Munich Massacre, Israel demanded something other than justice. They wanted vengeance. To do so, the Mossad scoured the globe for those that were a part of the terrorist group Black September and killed all the suspected conspirators. The Jewish religion has been combating anti-Semitism since the Egypt in the old testamentâ™the Mossad is the result. This book is going to dive deep into the Mossad achieves to illuminate other controversial missions like the operation, âœWrath of Godâ™ that displayed their unyielding nature towards those that strike against them. It is this persistence that makes them such an effective fighting force in Israelâ™s arsenal. Pick up your copy today by clicking the BUY NOW button at the top of this page.

## **Customer Reviews**

I didn't know that there is a secret service from Israel since their formation in 1949, which is called the Mossad, which has continually lived up to the name given to them, the godfather of all spy agencies. They combine intellectual leadership with a ruthlessness that has impressed both, allies and foes alike, I hope there will be this like here in the US, I think there is a bunch of people need it here.

Such an interesting book! I read through it quickly as I found it difficult to put it down. The book is one of the best non fiction historical books that I have read. I would recommend it for anyone who would like to know more about the state of Israel and middle eastern politics from an honest perspective. This is really worth reading book!

Very interesting read for anyone who loves spy stories. This is different because it relates actual events and operations the Mossad participated in. I was impressed that while their enemies struck at them often without constraint, Mossad was targeted and precise in their response, and careful to avoid harm to civilians.

I just love this book. It's very interesting to learn. This book is suggested by my friend. Highly recommended. Boost to buy it

This short book on Mossad is very surprising. It is interesting how it can be successful against overwhelming odds. It makes interesting reading.

It changed my view of Mossad as a sophisticated secret agency to a community of dedicated but all too human agents. I finished book, Mossad: The Greatest Missions of the Israeli Secret Service,

and found it an excellent read, riveting. I was impressed that while their enemies struck at them often without constraint, Mossad was targeted and precise in their response, and careful to avoid harm to civilians.

I feel that I wasted time reading it. Childish presentation of information, most likely just borrowed from the newspapers. It made mossad look partially mystical and partially completely idiotic. Neither is true.
