No Game No Life, Vol. 6 - Light Novel

Synopsis

Before Sora and Shiro set foot on Disboard, there was another remarkable duo!! Tet, the One True God, takes a break to amuse himself among the mortals only to collapse on the streets of Elkia. When a familiar face finds him and lends a helping hand, the God of Play regales her with a tale from the Great War about a human man who challenged the world and a strange girl who sought to comprehend the human heart...Let the games begin!

Customer Reviews

Yuu Kamiya is the author and illustrator behind the light novel series, No Game No Life, and its manga adaptation.

I've read this from a translator before, and had to buy this one again because it was so good. Sure, the childish writing throws me off here and there, and the oh-so-familiar long explanations that every LN author have, but the book it self is very enjoyable. It tells about the tale of the world before Tet, and before [] came, the grief-stricken world for inmanity, plagued by endless war for power. It tells a tale about a couple from two different races, trying their damnest to end this war through wits alone, and to win this game of life.

This volume tells the story of the great war and how it came to an end. Seriously if you are not moved even the slightest, then you must surely be dead inside.

I honestly didn't expect to like a book that has almost no impact on the main story. I was pleasantly surprised to find that in many ways book 6 is better than the rest of the series. It has the same lazy writing and as the rest of the books but I found myself tearing up a few times as I read through this one. If you like the series I wholeheartedly recommend it. Just be prepared for a different feel to the world, as it takes place before Tet's rules were in place.

I know a lot of the other reviews are saying the same thing, but I had to leave a review anyways. Although I generally don't enjoy side/filler/prequel content very much, this novel was absolutely incredible. The ending might've been a tad bit predictable, but it was very well written nonetheless. Definitely worth a read.

Great series, great book, deducted a star because it's really aggravating that I pre-order these books months ahead and they always ship them in a plain vanilla envelope with no backing or protection and the spine and edges get dinged up.

What can I say? You either like them or you don't.

The book is wonderful, really liking the series thus far. The book itself had slight damage to the spine and the bottom right of the cover seemed to have been folded during shipping.

When i first heard about the movie, i complained that i don't want a side story, i want more Sora and Shiro. Then i heard that the sixth book will be that same prequel... I wasn't happy but still, it's ngnl so i will read it. I AM MIND BLOWN. Not only by the skilled writing and introduction of new elements to the main story, this is a story of it's own and it needs to be read. Now my personal feelings: f***ing amazing. Now i can't wait to see the movie.
