Customer Reviews

One of the great masters of Romanticism, Frederic Chopin (1810-49) was a former child prodigy pianist who wrote many technically demanding solo piano works and introduced major innovations to the sonata, waltz, nocturne, and other forms.

excellent!

It's falsely advertised as the Paderewski edition; in fact, it's the old Mikuli edition, formerly published by Schirmer.

The book is very good except it has the wrong cover showing. Why this happened I don't understand but the digital version of Chopin's preludes and etudes is as good as the printed version which I also own.

Drat the GATT!. This is the Mikuli edition. The Paderewski edition is now only available from the Chopin Institute. It is, however, cheaper than this Dover reprint. Since you are ordering it from , which has both, get the real thing and pass on this version.

Este libro es una verdadera joya para los amantes de la musica de chopin. es un precio muy economico por algo tan bueno... yo personalmente hubiera preferido que la edicion hubiera sido la de paderewski, pero esta de mikuli no esta mal... altamente recomendado
