Into Egypt Again With Ships: A Message To The Forgotten Israelites

Synopsis

INTO EGYPT AGAIN WITH SHIPS explains the spiritual implications regarding the more than 250 years of chattel slavery, 100 years of Jim Crow, semi-permanent underclass status, and loss of true identity that "African Americans" have suffered in the United States. This book also reveals the biblical solution that will lead to the complete liberation of a people. All those who have descended from slaves, and consider themselves to be "Negro", "Black", or "African American" should have the audacity to read this book.

This book is outstanding and the research is magnificent. Biblical and secondary sources combined produced one of my favorite books of all time. It's crazy that I thought I knew so much from religious Sunday Worship. Then I started actually reading my bible after being humbled by The Most High. I noticed that the Israelites were not the same people that I initially thought they were. Especially when I got to Deuteronomy 28. I've looked into so many books and continued researching, but this book in particular grabbed my full attention. I was quite familiar with the verses, but this book enlightened me further and helped me understand things that I had questions about. I am ordering this book for family and friends. It's all about the laws, statutes, and commandments. Repent and come back to The Most High and The Messiah. Israel and other nations that fear Him.

I purchased this book on the recommendation of a trusted friend. As I try to dig deeper into my

history, I'll be reading a lot. My history isn't really taught in schools. Our history is barely a single, washed out and sanitized chapter in the History books. We are taught that we were in Africa, brought over on ships, worked as slaves singing negro spirituals in the fields, Abraham Lincoln signed the Emancipation Proclamation, Rosa Parks wouldn't give up her seat, Martin Luther King Jr marched, and we were free. What about BEFORE 1619? What was really going on and happening as we were "slaves"? Are we REALLY free? What about OUR history? So I read these books to gain insight. I think that if we taught our children that they are Kings and Queens, and conducted ourselves as such, we could make positive change. So add this book to your collection.

Even more enlightening than I expected, I am beginning my third reading.

I AM VERY SATISFIED WITH THIS BOOK IN REGARD TO HISTORICAL EVENTS. I WAS SADDENED BY IT BECAUSE HISTORY WILL REPEAT ITSELF, UPON THE AMERICAN AND OTHER WORLD'S PEOPLE, ACCORDING TO THE WRATH PROMISED UPON THOSE WHO DISOBEY THE COMMANDMENTS OF GOD. EVERYONE NEEDS TO READ THIS BOOK, IF NOT FOR ANYTHING ELSE TO KNOW THE CONSEQUENCES FOR PRACTICING EVIL AND DISOBEYING THE COMMANDMENTS OF GOD.

This is a must read book for those who wish to understand the root causes of the plight of Blacks in America. The author lays out who the true Hebrew Israelites are and why they are in the condition they find themselves. The author does not just lay out the problems but points to a simple practical and Scripturally based solution to a centuries old problem. I found it very easy to read and very informative. The author uses Scripture to support his points as well as other research. It is a good book to add to your collection on this subject.

This is one of the best books I've ever read. It just doesn't tell you, it references the Bible as well. If you want questions answered about who you are and where your people came from, this is the book you've been looking for.

Into Egypt with ships Again is a great read that is far more than just entertainment. It houses the capacity to be life changing. I highly recommend that people of color read this book and make it part of an ongoing study. Be Blessed!

This book is a must read for anyone who identifies as "Black". Thank you for identifying our history by using our true history Book (The Bible) may the Most High continue to wake up his people.
