Customer Reviews

I'm always a big fan of these sticker books, I have purchased many before this and will probably continue to buy many more. Some books have less pages/stickers than others but this seems to have more than some of the others I have bought. Beautiful as always and I have never had a problem with them not sticking to anything. I use these in my journals, on letters/envelopes, and anything else that just needs a little decoration. Love!!

These are absolutely beautiful little booklets of floral stickers. I have purchased them from a couple of sources over the past decade or more. The individual flowers are wonderful for card closures, though not for secure sealing, as they can be peeled off and even reused. They are useful for enhancing the front side of an envelope, when a greeting card is not being mailed. I presume these

stickers could be used in scrapbooking, though that activity is something about which I only read in cozy mysteries. The entire small booklet can be tucked into a greeting card as a tiny, inexpensive, casual gift, in instances when a real present is unnecessary or perhaps not fitting.

These stickers are beautiful, quite charming. I like to affix them to the back of envelopes whether they will travel from one office to another or across country. I like the thought of just brightening someone's day with a pretty flower sticker. These stickers are well worth the price and of good quality.

I bought these for my niece and was told that these are extraordinarily beautiful stickers.

Exactly as ordered - come off cleanly, stick well, pretty.

I bought these for my sister she loved them

Sooooo pretty. I like to use stickers on my letters & envelopes.

just what I was looking for.
