The FTCE General Knowledge Test is extremely challenging and test preparation is essential for success. FTCE General Knowledge Test Quick Study is the ideal prep solution for anyone who wants to pass the FTCE General Knowledge Test. It's adapted from the FTCE General Knowledge Test Study Guide. Not only does it provide a guide to the FTCE General Knowledge Test as a whole, it also provides practice test questions as well as detailed explanation of each answer. FTCE General Knowledge Test Quick Study includes:

- An overview of the FTCE General Knowledge Exam
- A guide to essays and reading
- An in-depth look at English language skills
- A breakdown of mathematics

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the FTCE General Knowledge Test expects you to have mastered before sitting for the exam.

- Essays and Reading
- English Language Skills
- English Language Skills
- Mathematics

These sections are full of specific and detailed information that will be key to passing the FTCE General Knowledge Test. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided test questions to help you know what to expect on the actual FTCE General Knowledge Test. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals.

Customer Reviews

It is not worth the money and material is very brief. It does not help to study for the test it all

From what I have read I have gained a great knowledge of the best testing values. Thanks it has put things in perspective.

There were very little review materials .

very helpful

Do not buy. I only passed the math, bought for essay, ELS and reading. This does not resemble anything near what I recall. It is titled garbage because after an hour of reading that is where it has been filed.

Good for a referent

This guide is a must for anyone prepping for the FTCE. First of all, this guide is a 2017 edition, so I know that it has the most up to date content. Many of the other guides that I saw were from last year and beyond, so this was a big deal to me. The guide is well written and easy to understand. It is also broken up into sections, so you can go right to the area that you want to focus on without having to do a ton of searching or reading the guide from cover to cover. This saved me a lot of time! There are a lot of practice questions that come with detailed answer explanations to help you get a good idea of what you'll see on the real test. I also really liked that this guide is light and not overwhelming, like other guides which look like phone books! I thought that the practice questions were very similar to the real ones, so I felt more confident about my score. I would definitely recommend this guide to others.

I am studying to be certified as a teacher in the state of Florida.I highly recommend this material, since it is an invaluable tool to achieve this goal.It is really practical and have easy access to the

information comprehension. This book has become my Best friend, since it'll help me pass the exam successfully. I am really happy with the book. So, if you need a good source of study to get certified, use this book.
