The Legend Of Zelda: Twilight Princess Vol. 1

Synopsis

Link must defeat evil at every turn in his perilous quest to help Princess Zelda! Once upon a time, wizards tried to conquer the Sacred Realm of Hyrule. The Spirits of Light sealed the wizards' power within the Shadow Crystal and banished them to the Twilight Realm beyond the Mirror of Twilight. Now, an evil menace is trying to find Midna, Princess of the Twilight Realm, and the fragments of the Shadow Crystal to gain the power to rule over both the Twilight Realm and the World of Light. Link once trained in swordsmanship, hoping to protect the world of Hyrule. After a fateful meeting, he sought out the anonymity and peace of life in a small village. But danger and adventure always find heroes to set things right, and when the dark minions of the King of Shadows threaten his new home, Link answers the call!

Customer Reviews

Akira Himekawa is the collaboration of two women, A. Honda and S. Nagano. Together they have created nine manga adventures featuring Link and the popular video game world of The Legend of Zelda, including The Ocarina of Time, The Oracle of Seasons and The Four Swords. Their most recent work, The Legend of Zelda: Phantom Hourglass, is serialized in Shogaku Rokunensei.

It's a good book coming from someone who isn't into comics like others are. I will list my personal pros and cons based on my modest perspective...Pros: - It gives a backstory of the main characters

and even some of the supporting ones. - The character illustrations are consistent enough with the game. - It's humor is simple and fitting for younger readers. Cons: - I feel there are some flaws within some of the characters in a few areas and by that I mean I believe they would speak a bit differently in those particular situations...but whatever. - It's in black and white. I recommend buying Legendary Editions of the Zelda manga wherever you can. - While this is an interesting book and gives a backstory for Link and even Golden Wolf, the story spends so much time touching up on setting a foundation of the characters and getting into their personal lives (which I like as long as it's accurate) that the author is able to reach only the part where Link is first transformed. This could (most likely) mean that there are several parts to the Twilight manga and the 2nd volume isn't even out yet. I guess I'll have to be patient. After all, comics that root with games/shows/movies are well known for timely development. Note: As we all know, there are some slight differences from the game. KEEP IN MIND that the reason for character precision being in book and not game is for feeding certain players across the world; players who want to see Link in there own way. I see this aspect as being both good and bad but I shouldn't get into that here. I recommend buying this book considering the price! Question: Do you agree with the first point under my 'Cons'?

My 10 year old son is obsessed with these mangas! Right when he gets a new one he reads them cover to cover and this one was no exception! He is eagerly anticipating the next one which comes out in August!

I usually don't review the products I buy unless I feel the need to There's not much I can say about this great book that other reviewers have already mentioned-Beautiful Art-Great Story with very good pacing (much better than previous LoZ mangas) good jokes and some differences from the game's story to make it a bit more interesting Cannot wait for Aug 8 when vol 2 releases Loved this one so much!

Himekawa absolutely has outdone themselves with this work! AMAZING!!! I loved how they deviated from the game's story a little and gave Link a past that tied him to the Twilight and him having a fear of the darkness, unlike the game (which is still a classic) where Colin and Ilia are taken and he saves them - but then is like "eh, might as well do everything else while I'm at it". Even though it's only the first volume the way how they are establishing and cultivating Link and Rusl's bond is TOP NOTCH!!!! Totally worth BEYOND five stars!! CAN'T WAIT UNTIL AUGUST!!!! I'M SO EXCITED FOR VOLUME. 2!!!!

Beautiful book and manga, excellent drawings and quality, totally a must have for any Zelda fan.

Great book, I loved that this one is a black cover compared to the other Zelda mangas that are green.. It kinda signifies its a bit more for a mature audience as it has a bit more action and overall that 'creepy' aspect.

Okay, first I'll say I enjoyed this as I have the other Zelda manga I've read. That said I'm glad I read it before I shared it with my 5 year old son. I know the age range said 8-11, but he Ocarina of time Manga was 9-12 and that wasn't nearly as violent (My son love OOT). I honestly saw it as a reading level. To avoid specific spoilers, I'll just say this one gets dark near the end. Can't wait for next volume to come out in August, but it'll be for my collection not the family books.

My daughter is a huge Zelda game fan, so when she asked for this book, I ordered it right away. She absolutely loved it and wants me to order more when they become available.
