The Gun Digest Book Of Shotguns Assembly/Disassembly

Synopsis

Cleaning, Repairing & Maintaining Shotguns Has Never Been Easier! Gun Digest Book of Shotguns Assembly/Disassembly 3rd Edition is the indispensable guide to DIY disassembly, repair and reassembly of today's most popular shotguns. Step-by-step disassembly and reassembly instructions cover 60 models and over 250 closely-related variants. Plus, this revised and expanded edition includes the addition of newer shotguns from Akdal, Benelli, Browning, Citadel, CZ, Kel-Tec, Mossberg, Remington, Saiga, Stoeger, and Winchester. Detailed photographs and clear, simple instructions make it easy to disassemble and reassemble a wide range of modern and vintage models. Gun Digest Book of Shotguns Assembly/Disassembly 3rd Edition is your go-to source for time- and money-saving disassembly techniques for today's hottest shotguns.

Customer Reviews

Kevin Muramatsu regularly writes gunsmithing columns for Gun Digest the Magazine, is reloading editor for the Gun Digest annual book, and authored the most recent editions of Gun Digest Book of Rimfire Rifles Assembly/Disassembly and Gun Digest Book of Automatic Pistols Assembly/Disassembly.

Covers nearly all the designs of actions available with today's shotguns and a few antiques still in service today. I've rated it with 4 stars as I found some of the descriptions did not include all the information I felt necessary. However, with a little mechanical knowledge or gunsmithing experience

the missing information could be determined. Has great information on reassembly and notes on what to look for during reassembly.

Yes, he needed this Gun Digest Book Of Shotguns Assembly/Disassembly. It is very informative and useful. The time element to look something up in this book is also very much understandable.

Thanks again for a great book. Thelma

Nice addition to my reloading/ gunsmithing bench.

Covers a lot of designs and brands of shotguns. With a little mechanical knowledge or gun smithing experience this book will help with a lot of gun manufactures disassembly and assembly.

has most of all brands and types of shotguns. missed a few that come into the shop. great writing and clear explanations for the pro and the amature. and for those who think that they are a pro

Very helpful book for disassembling my Remington model 17. Although that model isn't listed, the Ithaca 17 is and is almost identical.

A valuable reference book for anyone interested in gun assembly in general and shotgun assembly in particular. Lots of information, highly recommended.

Very helpful with dis-re-assembling a 1910 model 97 Winchester.
