The Star Trek Book (Big Ideas Simply Explained)

Synopsis

Celebrate 50 years of one of the longest running and beloved sci-fi franchises with The Star Trek Book. This comprehensive guide to the series delves into the myriad worlds and different dimensions visited by the crew of the U.S.S. Enterprise. Discover the amazing science of Star Trek and how it has influenced real-world technology such as flip phones. Featuring informative and analytical text combined with exciting photography and infographics throughout, The Star Trek Book is broken down into main categories such as science and technology, Starfleet, allies and enemies, and more. Perfect for fans of the various Star Trek TV series, including The Next Generation, Deep Space Nine, Voyager, and Enterprise, The Star Trek Book details everything you need to know about 50 years of excitement and adventure on the final frontier. ® & © 2016 CBS Studios Inc. © 2016 Paramount Pictures Corporation. Customer Reviews

[View larger](#) Starfleet "To boldly go where no one has gone before."

[View larger](#) [View larger](#) [View larger](#) Spock The highly logical vulcan.

Malcolm Reed "There are two settings: stun and kill. It would be best not to confuse them."

Jean-Luc Picard "Let's see what this Galaxy-class starship can do."

[View larger](#) Guinan "Just a little souvenir I picked up on Makus III. That was setting number one. Anyone want to see setting number two?"

James T. Kirk "Of my friend, I can only say this: Of all the souls I have encountered in my travels, his was the most. ...human." [View larger](#)

"The book is billed as a celebration of 50 years of Trek, and it looks fantastic." â

Fansided.com"[A]n attractive refresher for casual Trekkers or a suitable introduction for those just starting to get into the new movies." â " Booklist

A very basic book about the Star Trek universe. Just basic information from all the episodes from the different series. I was hoping for a more detailed approach. The book isn't bad, by any means. It is laid out well and looks nice. If it was someone who is a casual Star Trek fan, this would be a good book. A hardcore fan won't find any use for this book.

This tells the story of Star Trek. It's great to keep on the coffee table for conversation. Even better to break it out when watching one of the series or movies to look something up!

This is the definitive Star Trek book. My 7-year-old son and I have been collecting Star Trek merchandise, and this is our go-to book in his learning who's who among Star Trek characters.

Great resource for everything Star Trek. If Star Trek was a class this would be the textbook. If Star Trek was a religion this would be the Bible :) Very well written and illustrated.

DK has done it again with this book! If you're a fan and was wondering about certain things in the Trek Universe this will help you learn a bit more on various parts of the series and movies.

Well done book. Good quality and well organized. I book that a Star Trek fan would be proud to add to their collection.

Star Trek fans will either learn a little more or be reminded of things they have forgotten. A must have for all Trekkies and Trekkers!

Nothing new that hasn't been published before in other products.
