Customer Reviews

If you just want to sing the songs one time through or are just looking for the tunes, this book is fine. But most of the songs have only the lyrics of the first verse, which is then repeated in its entirety the second time through. The funny variation in the second verse in the "Stepsisters' Lament" is not here, nor Cinderella's variation when she joins "Do I love you because you're beautiful?" You can search for and find the full lyrics online and pencil them in, if you like.

There were actually a few songs in there I didn't recognize and I've been watching this show since the....late 60s!

Great arrangements. All the songs from the old movie PLUS a couple from the new one.

This selection of music was what I have been looking for. Easy to play and makes our family gatherings more fun as now we have the music and words.

A very basic book for when you can't find the lyrics and melodies in a regular format. I ended up not using it.

Came quickly and was exactly what I wanted.

This movie has such wonderful songs, and this book has them all in one spot so that you can play and sing the songs on your own. It is about at an intermediate range for piano level and has wonderful pictures inside as well. It shipped really fast, I got it in about 5 business days.

Rodgers & Hammerstein work their magic on an old classic and give it attitude, spunk and comedy that is immediately ageless and classic. The songs are done in manageable ranges and with a combination of beauty and whimsy. One has a difficult time tiring from hearing them over and over. Believe me--you will be singing these songs in the shower...in your car...and loving it! An instant favorite!!! My highest recommendation!
