All I can think about when I read this book, is what if someone took a John Carpenter book, and turned it up to 11. The creature work is straight out of The Thing, and i absolutely love that it doesn't hold back in any regard. These characters are real, horrifyingly flawed, and desperate. Yet you still can't help but love every one of them. So if you love great horror, and truly disturbing creatures and humans alike, do yourself a favor and get this book.

for a comic that spends so much time talking about how shocking and gruesome it is, it sure does pull absolutely every single one of its punches. 'Crossed' this is not.

Great comic! Highly suggest to anyone who likes horror/action stories

Not having read Volume 1, I was at a bit of a disadvantage. However this tale of a pandemic attacking the human race and how some deal with it makes for an engaging story. The main characters meet, betray each other and fight for survival in a post-apocalyptic world: they are well-depicted and an interesting bunch of conflicting personalities. The artwork is quite good,

colourful but lacking in detail. However, with a lot of bloodshed and death, this is worth a look even if it's only to decide that it's not for you. Volume 3 awaits.

I really enjoy this series! Fantastic vivid art with great writing! Justin Jordan also writes Luther Strode, another book I recommend highly and I'm also a big fan of the artist, Kyle Strahm.

Really expands on the characters in the Spread world, and I only want to read more! A must buy if you enjoyed the first volume!
