Denis Bajram is a comics writer and artist, a books illustrator and a game developer at Frozen Sand.

Best bit of hard, and I really mean hard sci-fi in a graphic novel to date. Great story, characters with

depth and terrific artwork. This novel is a steal at 22 bucks and would be a great add-on to any graphic novel collection.

cool s***

DO NOT READ A PLOT SYNOPSIS - You will want to experience this with an open mind page by page! I read a decent amount of science fiction, though never graphic novels. Maybe I should start. Universal War One is now right up there with my favorite science fiction experiences - across all mediums. I saw this sitting in a bargain bin, so I flipped through it, liked the art, and brought it home. I read it in a sitting and could not get over how amazingly LUCKY I was to stumble upon this MASTERPIECE. Intelligent plot, well developed cast of characters, epic in scope, the art... so many times I thought to myself slow down, slow down, stop turning pages, the art on each page deserves to be absorbed. It is hard to believe this book is the brainchild of one man, art, story line and all - I am in awe. I will be recommending this all my sci-fi reading friends, while also hoping for an English translation for Universal War Two...?
