This is an amazing book the story went so deep this time I was finding it hard to keep up sometimes but that was a good thing. I felt like a lot of the survey corp members had to make challenging choices that they may or may not have approved of inside. I loved how Levi had shot the guy from behind the counter it showed how skilled he actually is this book is well deserving of a 10/5

works great

This was the best book yet! It was full of action. Let's just say I've never cried over a book until after reading this one. The book was deceitful about Jean's "death". That is where I cried. It showed him getting shot, but in book fifteen, he is still alive. If anyone who read this paid any attention to the book, right before Jean got shot, I noticed Mikasa's wire from her vertical maneuvering gear was

above Jean's head. That was most likely the girl's (that "shot" Jean) blood. Not Jean's.

my son like it

Quite possibly my favorite volume thus far. The focus shifts from fighting the Titans to actually fighting other people. That means action-packed Vertical Maneuvering Gear fights. If you've read the previous parts, get this. If not, get this and the previous volumes. Seriously, Attack on Titan is something you don't want to miss.

For those who are reading this series volume by volume, I feel so bad for you! Volume 14 definitely ends on one of the biggest cliffhangers thus far!!! But besides that, I feel like this volume was amazing. We get Commander Handsome's backstory, some Grade-A action, and tons of emotional drama. Not to mention a big announcement in the beginning of chapter 57 as well!! (And on a side note: Look at that cover! Erwin's looking like a Gap model, Hanji looks as flawless as ever, and Levi's being the grumpy little hash brown that he is. 10/10)

Another great read in the Titan series. Sorry No Spoilers here.

I loved the AOT series, and if you don't know, be prepared for rage, violence, and plenty of glutony :) Love it, waiting on more...
