Customer Reviews

Jeff Figler is a nationally recognized expert on sports collectibles. He has written more than 400 articles about collecting that appear regularly in The Journal of Antiques and Collectibles, Collectors Journal, The Antique Shoppe, and other magazines. Figler's personal collection has been featured by major media across the United States and includes a Honus Wagner baseball card, considered the "Holy Grail" of sports cards.

Fantastic book with plenty of ideas to keep me sharp looking for memorabilia.

Great handbook!

Not for the advanced collector very disappointing

excellent

The author has a nice personal touch in his writing and includes details from his lifetime of collecting. Because of that, the book is more than I expected -- it's not just lists of info, but a readable, enjoyable introduction to collecting. Also, I want to give credit to the publisher, Krause, because this is a handsome book, with high-quality printing and color illustrations on most of the pages.

I loved reading this book. It was very interesting and covered every aspect of collecting in a very quick read. It was a fun trip through baseball history and I gained a lot of information on collecting baseball cards, balls, jerseys, bobbleheads etc. It brought back many memories of collecting as a kid.

A good friend gave me a copy of this baseball memorabilia book. I have since purchased several as gifts for special baseball friends. I am not a big-time collector, much less a "Picker," but this book cuts across all levels of baseball fans and collectors. Although the book is small and "paper back," the high quality photographs and glossy presentation makes it a "coffee table" book. It is entertaining, educational and full of fascinating baseball memorabilia facts. It is much more than a pocket guide, it is a very good book. Needless to say, I give Baseball Memorabilia the highest rating.

The author admits to be obsessed with collecting, which probably sets him apart from the average fan, but this is a common sense, well thought out road map through the world of baseball memorabilia. Handsomely designed, there is enough baseball history in here to make it interesting to even non-collectors.
