Living Language French, Complete Edition: Beginner Through Advanced Course, Including 3 Coursebooks, 9 Audio CDs, And Free Online Learning

Synopsis

Learn a Languageâ "Not Just Words. The Complete package is a unique, truly multi-media program in French that takes you from beginner to advanced level in one convenient package. It uses the Living Language Methodâ „¢, which teaches you to speak a new language, not just memorize vocabulary words. Our method presents the language in a natural and systematic way, combining linguistic science and proven techniques with an engaging experience to deliver real results. Millions have learned with Living Language. Now itâ "s your turn to join the conversation. Â Build a FoundationStart speaking immediately using essential words and phrases. Progress with Confidence Build on each lesson as you advance to full sentences, then conversations. Retain what Youâ "ve LearnedSpecial recall exercises reinforce your new language and help move it into your long-term memory. Â Achieve Your GoalsDonâ "t just mimic or memorize. Develop practical language skills to speak in any situation. Â 3 Books: 46 lessons, additional review exercises, extensive glossaries and grammar summariesâ "plus, a bonus notebook for extra practice spaceÂ 9 Audio CDs: Vocabulary, dialogues, audio exercises, and moreâ "learn with the book or on the go, anytime, anywhereÂ FREE Online Learning: Flashcards, audio downloads, and interactive quizzes for each lesson

Customer Reviews

Would highly recommend this product for beginners learning French. I love how easy it is to use and

the audio has great tracks that put all you learned together per lesson.

I bought this with an attempt to try and learn french for the umpteenth time. i love the workbooks that come with this and the numerous exercises. The problem I have with this product is that one of the discs is defected....will only download to the 34th track and will then make a weird clunking sound and ceases to download the remaining 30 something tracks. This is unfortunate, and I might return it. I

I need the extra practice to help supplement my French language courses that I'm taking at school, and this works out well. I can't really say I would recommend it as a sole source of learning if you're trying to pick up French. You really need to pick up workbooks and French language books in order to improve. Honest to God, I learned more French in context by trying to pick apart Harry Potter books in French. Still, this was useful.

We used the Brazilian Portuguese Living Language course and felt it did a really good job. The French course, though, is quite a disappointment. While it claims to be a course that extends into the advanced range, there is very little advanced French. The course is low on conversation and high on tedious and unnecessary oral conjugations, conjugations that do not make sense unless you are looking at the written text. The authors may feel they are presenting "advanced" material if they are conjugating in the future perfect tense, but this is really not very helpful. What the student needs in the audio CD is lots of conversations, and there is little of this. This is a big disappointment.

Great teaching tool; even just reading through the book.

OK so i don't know how the rosetta stone system works, but this is working out well for me. I don't really have anyone to talk to in french, so i don't have anyone to practice on, but i think i'm getting the hang of saying each word. The book goes slow, take it peice by peice, and i can proudly say I am finally learning french and hopefully at the end of the advance book i can then say i would be able to speak, read, and write french fluently!!!Woo hoo!!!

Finally a program that uses complete sentences and goes from beginner to advanced in one program.

good item
