Here's the idea. When you have someone who is a legend in the field of Graphic Design applied to the music industry write a book about album covers, you have to pay attention. In this case, not only the selection, but the format and the content of this book makes it a great buy. I own all the books he's put out, and they will not leave you cold. The cover selection is interestingly uncommercial, and his vision is unique. The format is great. With our daily passion for small aps, gadgets and screens, holding an 11.5 x 11.5 book just feels great!

Great item.
