Goldmine Price Guide To 45 RPM Records, 7th Edition

Synopsis

One key to record collecting success is the ability to identify fakes, phonies and frauds, and with this guide and bonus DVD readers can. This new edition of the only book dedicated to 45 RPMs contains 80,000 listings with essential details for identifying 45s, including artist, record label, number, date of release, value, and variations and fakes. In addition, it features market reports and articles touting rare 45s, and the revival of the hobby.

Customer Reviews

Martin Popoff has written more than 28 books, conducted 1,500 interviews with musicians, and has written articles for numerous music periodicals, including Goldmine magazine. He has a personal collection of more than 12,000 records.

exceeded my expectations. It's everything it says it is and more

good book, it doesn't get into many obscure artists like riff ruffin, harmonica slim, williw egans etc but for more mainstream stuff it's pretty good

A very good edition. Lists releases by many artists. Easy to locate information regarding songs. It is a thick book, the reason being, lots of information.

I ordered a used copy and it came in pristine condition. It's a helpful reference manual for more Current 45's! I am Very Happy with the transaction.

GREAT BOOK, I JUST UPDATED MY OLD ONE AND THIS BOOK IS THE GREATEST !!!

It was a great help in pricing out my later brothers collection

has everything

worked well...good purchase
