Arm & Finger Knitting: 35 No-needle Knits For The Home And To Wear

Synopsis

If you like large-scale knits or you appreciate the bigger stitches and open texture you can achieve by knitting with your arms or fingers, then you will find plenty of inspiration in *Arm and Finger Knitting*™. Breaking free from the constraints of normal needle sizes, Laura Strutt demonstrates how to do all the usual stitches and techniques using just your arms and hands, from plain knit stitch to seed stitch, increasing and decreasing, and knitting with two or more strands of yarn at a time. To make the best use of the unique texture and scale of no-needle knitting, she has designed 35 stylish projects for you to make, for the home and to wear. There are stylish arm-knitted scarves, and throws, but also a simple stool cover, a stylish gilet, and a shawl you can knit in under an hour. Using finger knitting, you can quickly create place settings, a bath mat, and even a necklace. A photographically-illustrated step by step guide to techniques covers everything you need to know, from casting on to cabling, clearly and simply. It's no wonder there is so much interest in arm and finger knitting when you can get spectacular results in such a short time.

Book Information

Paperback: 112 pages

Publisher: CICO Books (March 12, 2015)

Customer Reviews

Perfect for the person who likes to craft, with almost instant gratification. All you need is yarn. --The Hartford Knitting Examiner
Create spectacular and simple projects in a short amount of time with this book. --Altered Couture magazine

Laura Strutt is a former editor of 'Craft Business' magazine, and launched 'Sew' magazine, which she edited until 2012. Now working as a freelance writer, she is interested in all kinds of crafts, and

shares her expertise and her latest finds on her website, www.madepeachy.com. She is also the author of 'The Haynes Sewing Manual', and 'The DIY Wedding Manual'. The author is based in Colchester, Essex, UK.

The instructions were clear and look like fun but the items to make are very limited. I was hoping for sweaters or cardigans. There was a capelet, bolero, and a gilet but the largest size in L. Hasn't Ms. Temple heard of Plus sizes. The only item close to an item of clothing was the gilet and it did appeal to me but - only came in size L. Too many scarfs/cowls/hats/jewelry.

Really cool book, but I still had to go online to figure out how to arm knit with a youtube video. It has great projects, but I wish there was more! I love this book though because it got me going with arm knitting!

My daughter chose this. She has tiny arms and thus her arm knit projects look great! There are some interesting pieces in this one that she has been able to make her own.

A complete look at a tool-less way of knitting. The procedure itself is awkward but could be enjoyed by anyone interested in a different craft skill.

There are great projects in this book. It is easy to follow and understand. I can't wait to try some of these

Very good

A great find, easy to read and understand. Fun to make things for nifty stocking stuffers.

Very informative
