The Late Great Planet Earth

Synopsis

The impact of *The Late Great Planet Earth* cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

Book Information

Paperback: 192 pages

Publisher: Zondervan (May 23, 1970)

Language: English

ISBN-10: 031027771X

ISBN-13: 978-0310277712

Product Dimensions: 5.2 x 0.5 x 8 inches

Shipping Weight: 11.2 ounces (View shipping rates and policies)

Hal Lindsey is the author of numerous fiction and non-fiction books, including Blood Moon and Apocalypse Code. C. C. Carlson is the author or coauthor of many books, including Our Values: Stories and Wisdom and The Teacher Who Couldn't Read

nothing wrong with the book. It is just a repeat of others I've read, plus it was written a while ago and things in the middle east have changed. I didn't appreciate as much as I would have within a year or so of it's being written.

Thought it was time to dig out this book I read in the 70s that was so similar to my high school pastor's teachings on Revelation. Seems timely to read it again.

A classic on fulfilled Bible prophesy, it's only aged well. Highly recommended!

loved it

I am reading this now. Very informative book on Prophecy.

Great reading of future events concerning bible prophecy. Very easy to understand and follow along as the author illustrate the passage from Revelation to current events.

Replacement of original, but disappointed that book was so small. Great book describing theory of the final days and participants.

This book changed my life.
