Customer Reviews

I could NOT no matter how I tried, get though the state manual. And yes you need to because your state has different laws then other states and different driving conditions. I think they should put out a state supplement. This was not a dream easy no sweat no problem, but it was doable.

Perfect for drivers ed. student.

Thanks for being so awesome and getting the merchandise to me as soon as you did; perfect timing my friend!

Great for its purpose

for school

Purchased this book for my daughter for a college class. She found the book helpful. Great insights. Will recommend for anyone.

This book was brand new. Not a page was folded or creased or even used. Of course I paid full

price for it so I would not expect it to be any different.

as described . I quite enjoy this product. I like to collect kitchen utensils but usually shell out for pots and pans and buy my knives at thrift stores. For the price, this product has been super useful. Kelly needs it , very fast, receive it next day. very good seller .
