My Youth Romantic Comedy Is Wrong As I Expected, Vol. 1 - Light Novel

Synopsis

Hachiman Hikigaya is a cynic. "Youth" is a crock, he believes--a sucker's game, an illusion woven from failure and hypocrisy. But when he turns in an essay for a school assignment espousing this view, he's sentenced to work in the Service Club, an organization dedicated to helping students with problems in their lives! How will Hachiman the Cynic cope with a job that requires--gasp!--optimism?

Customer Reviews

Wataru Watari is the author of the ultra popular light novel series My Youth Romantic Comedy is Wrong as I Expected. Ponkan 8 is the illustrator of the hit light novel series My Youth Romantic Comedy Is Wrong as I Expected.

If you're familiar with the anime "My Teen Romantic Comedy SNAFU," the book series is a wonderful supplement to that. The translation of this series is done pretty well, with only a few minor typos. The translator kept the spirit of the original work intact and chose some interesting ways of getting around the things that you cannot translate perfectly from Japanese to English. I've read this book now in both languages and I'm pleased with the translation. I just wish, with this series being rife with Japanese references and culture, that the publisher had stuck with the Japanese light novel page size (roughly 6" x 4"), or at least close to it, because this book is quite large (roughly 8" x 5.5"). That's just a personal preference, but still, the book's dimensions are a little oversized. The book itself starts out fairly slow, in the same manner as the anime, as it's the first volume and mainly

serves to introduce the premise and characters. It's still an entertaining read, and you get a much larger dose of Hachiman's thoughts and motivations as the series is told from his first-person point-of-view. Anyone who enjoyed the anime and likes to read should pick this up.

Been waiting for it to be mine already. Thanks Yen Press, Yen On, and .Light novel contains colored pages and pulls up in a mini fold-up poster. Like a light novel contains some drawings in some of the pages but otherwise it is text, text, text unlike a manga volume.

I'm writing this without bias but overall it was pretty good. The writing style compare to the Japanese or some fan made translation are pretty accurate. What I mean is that there slight difference between them but overall it stays on track with main story that the Japanese Author wanted to tell. And compared to the fan made translation this pretty much more tamed. Less profanity, the whole puns actually translated well this also included the pop culture references. Also with the selection I stated there is no real sexual content but there is a scene where some characters are changing, at most you get a undergarment shot. The series can be generic to others but this does not really follow it. The main character is at most normal but his whole personality is the most interesting.

I expected something similar to the anime but I was completely wrong. It was waaayyy better

Been waiting for this release since the end of season 2 of the anime. If you enjoyed the anime you are in for a treat. The banter between Hachiman and company is more hilarious and genius in the light novel. A lot of fun pop culture references throught the book as well. Highly recommend.

Based on the light novel. This series without being bias still pretty good. This one is different form the light novel but its main focus is the humor. As the title of the book contain comic, it should be a red flag that this is for laugh but don't skip this series for just that it has it heavy subject. The art for it is great too.

I really hope they release more in the coming months, as it's written and drawn very well.

I really liked this series. This is from the original Japanese manga so you read right to left in English not left to right. There is a full English version that does read left to right like an English comic book.
