## Synopsis

REA's CSET: English Subtests I-IV with Online Tests Gets You Certified and in the Classroom! California requires all prospective English teachers to take the CSET: English Test. Recently, the CSET: English subtests were revised to align more closely with the California Common Core State Standards. The subtests also include new material in the areas of writing across the curriculum, reading and analyzing a variety of informational texts, and analyzing the details of dramatic works and performance. This third edition of our CSET (California Subject Examinations for Teachers) English Subtests I-IV test prep has been expanded to address these changes. It includes:

- \* A complete overview of the four CSET: English subtests
- \* A comprehensive review of every domain, with updated material
- \* Two full-length practice tests for each subtest (in the book and online), with online diagnostic tools to help you personalize your study

Our book is perfect for teacher education students and career-changing professionals who are looking to teach English in California. The skills required for all four subtests fulfill the objectives set by the California Common Core State Standards for English Language Arts and Literacy and the California Commission on Teacher Credentialing. This all-new test prep contains an in-depth review of all the competencies tested on the CSET English Subtests I-IV: Literature and Reading Informational Texts; Composition and Rhetoric; Language, Linguistics, and Literacy; Communication, Speech, Media and Creative Performance. The book includes 2 full-length practice exams based on actual CSET questions. Both practice tests are also available online with instant scoring, diagnostic feedback, and detailed answer explanations. Automatic scoring and instant reports help you zero in on the topics and types of questions that give you trouble now, so you will succeed when it counts. REA's CSET: English Subtests I-IV test prep is a must-have for anyone who wants to teach English in California!

Great for subtests 1, 2, and 4. The chapter for subtest 3 needed additional information. Overall, this book is great for reviewing (or learning) the necessary material. However, you may need to find additional resources if you didn't major in English.

I was able to pass all 4 exams in one sitting with the help of this book. I studied every concept, so it's only helpful if you have about 1-2 months ahead of time to study.

A great outline for studying for the English CSET -- the author also gives lists of resources to supplement the information. I have taken and passed two of the four subtests so far and have found this guide to be helpful.

I have been picking away at this book and it is certainly helping me with preparing for the English CSET. I'm planning to take the first test in a few months, but this has me feeling fairly confident

about the test. It is a very helpful, insightful, and extensive book and I recommend it to those who are planning to take the CSET in the future.

Comprehensive book at a reasonable price. This accompanied with information on CSET website is enough to pass the exam. Studied this book for 2-3 weeks before exam and passed all subtests in one sitting. Very happy with my purchase and would definitely recommend.

This book offers a great review of all the subjects you'll need to know for the test. The best way to prepare for the CSET English subtests is to take as many practice tests as you can, and this book offers two practice exams that were pretty close in style and difficulty to the real test. Plus, you can take them online, which gives you a feel for how the computer-based test will be like. A solid choice if you need a comprehensive study guide, especially if you need to prepare for the test quickly...which was the case for me!

The practice tests were great. Using this book really aided in me passing the CSET. Don't buy just one though: I also recommend the practice tests here: [CliffsTestPrep CSET: English](#) as well as a number of the free practice tests that can be found online.

Absolute best study aide I have used so far. I passed all 4 subtests on the first try. This definitely helped prepare me!
