9 Practice Tests For The SAT, 2018 Edition: Extra Preparation To Help Achieve An Excellent Score (College Test Preparation)

Synopsis

1,350+ practice questions to help you prep your way to an excellent SAT score. Practice makes perfect, and the best way to practice your SAT test-taking skills is with simulated exams. The Princeton Review's 9 Practice Tests for the SAT provides nine full-length opportunities to assess whether you have the skills to ace the exam's higher-level math questions and reading comprehension passages. Inside the book, you'll find realistic test questions and detailed explanations to help you master every aspect of the SAT. Practice Your Way to Perfection. 9 full-length practice tests and answers. Hands-on exposure to the test, with more than 1,350 questions and 9 sample prompts for the optional essay. Self-scoring reports to help you assess your test performance. Work Smarter, Not Harder. Diagnose and learn from your mistakes with in-depth answer explanations. See The Princeton Review's techniques in action and solidify your SAT knowledge. Learn fundamental approaches for achieving content mastery.

Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online

and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

Great book for practicing!

If you bought the 2017 edition before like me, don't buy this book. The 2018 edition is not actually a new book; it is actually just the 2017 edition's 6 practice tests with 3 new practice tests added.

They've added 3 additional tests to the original 6 from their previous book.

I generally like the Princeton Review books for SAT. Their material is more challenging and should really be for students/kids who are already getting above a 1200 at least on a normal practice test. This SHOULDN'T be the book you start off with. The practice tests are full of passages that will strengthen a student's reading comprehension; however, don't subjugate your child/student with the standard time limits while doing practice tests from this book.

Only one of these practice tests is different (i.e. totally new) compared to the previous edition of this book. Fake book. Great book, but fake tests.

The first passage repeats with the 2017 Edition, that was what I saw when I first opened it....

Practice tests are nearly identical to the ones on the actual SAT. This book is a MUST for anyone looking to raise their SAT score.

Very useful !!
