This book was written almost 7 years ago, so current stars aren't included in this list, and the ones that are, are from the 80's and early 90's. I wrote a few letters, but don't expect any responses since there is a good chance that their addresses have changed. The people who are included in this

book are old stars, and of no interest to younger readers (30 something and below). I'm sorry I wasted my money on this book because every star that I wanted to write to did not have their address in this book. If you are serious about writing and getting free autographs, invest in a current book that includes more than 4,000 addresses.

Overall it had good information. The fact that it can all be found for free on the Internet is another item all together. If you don't want to spend the time online, or don't have Internet access at all, this book will be of benefit to you. Keep in mind addresses change frequently and they are all not guaranteed to provide a result.

Yes, this book is full of addresses to so many different types of people. Unknown to us if the mail ever arrived to the addresses we used all we can say is we never received any replies to any letters we sent out. Quite disappointing.

I found this book to be very up-to-date, accurate and time saving. Since receiving it, I've already gotten a large amount of autographs using the addresses contained in this book. I look forward to any future books by this knowledgeable author!

I love autographs and LOVE this book! I've purchased all the others and this one is by far the very best that I've tried. It's about time that collectors have a book where the addresses DO work!
AWESOME BOOK!

This is the second book that I've ordered by this author and neither disappointed me! Nicely done!
