Synopsis

Head over heels in her devotion to the Joker, Arkham psychiatrist Harleen Quinzel gave up her career (and her sanity) to transform herself into the ultimate companion for crimeâ™s clown prince - the mad moll Harley Quinn. Paul Dini is a multiple Emmy and Eisner Award-winning writer and producer who has helped redefine the legends of the DC Universe in such series as The New Batman/Superman Adventures, Batman Beyond, Krypto and Justice League Unlimited. In comics he has authored THE WORLD'S GREATEST SUPER-HEROES, illustrated by Alex Ross. Dini has also collaborated with Chip Kidd on Batman Animated for HarperCollins.

Just got the book after 5 days which was very much earlier than it said it was supposed to come very happy with it, it came in great condition no wrinkles or anything

Very good mix of stories - I was looking for something I could read quickly and enjoy. This collection was good. I haven't read too many comics recently so I was not too familiar with the storylines. I loved the character of Harley Quinn and may read more.

A great book with several different stories about harley. i think my favorite one is where her and ivy make a bet. wasn't overly fond of the last story included, as i'm not really a fan of her new 52 suicide squad personality (i do enjoy her solo series though). overall it's a very nice book with several stories centered on harley. And it does have a table of contents that also tell which comic that story was originally in.

Let's be honest with each other. If you consider yourself a fan of Harley Quinn, you should probably own this. If you're unsure and just want to learn more about the crazed former psychiatrist, this is a great start. It's like a snapshot into some of her best story lines to give you a taste of what you have in store if you join us in this fandom.

I read this before seeing Suicide Squad, so I wound up really disappointed with the Suicide Squad version of Harley. She's got so much more depth in this quick read. Intelligent, obsessive, and bat**** crazy. Loved every minute of it.

Good read. Harley Quinn is such a cool character and I enjoy learning more about her and her past.

I love Harley Quinn!! Always have!! This is a great read and a necessity for all Harley Quinn Lovers!

Wanted to read this before Suicide Squad. Love Paul Dini. Never heard of Harley Quinn always thinking it was Harlequin. A bizarre story worth experiencing reminiscent of 60's psychiatrists entering the world of their patient in order to know them and possibly heal them. Thomas Szasz and R.D. Laing come to mind. "reality is nothing but socially shared hallucinations."
