The Serger's Technique Bible: The Complete Guide To Serging And Decorative Stitching

Synopsis

For fast and professional edging, hemming, seaming, and decorative stitching, you simply can't beat a serging machine. This all-skill-level book is the perfect guide to make sure you get the most out of your new machine (or out of that old serger that you've never got the hang of!). Photographs and step-by-step instructions guide you through the essential techniques, showing you how to set up your machine, how to adjust the settings to get the best results on a range of different fabrics, and how to edge your fabrics quickly with perfect results. Try out different feet for your machine to help with gathering, attaching piping, elastic, and beading. Within the chapters there are troubleshooting tips and quick fixes for skipped stitches, snapped threads, and uneven stitching. The quick construction section will take you through a range of projects to help practice and perfect your skills.

This will be by the side of my sewing machines for many years to come. Having just bought my first serger, there are tons of questions to be answered and I also find helpful tips and tricks to use. A wonderful addition to any serger owner's library!

Very good accessory to go with your serger. Shows you how to do decorative stitches plus the basic seeing.

Very informative. I am still reading all the books and taking classes on how to use my Serger.

Very helpful, takes you step by step would highly recommend for new serger sewers

This book is great! Learning so much. Great resource.

Helpful instructions for the novice.

I am a beginner and this helped.

Great explanations for a newbie!
