Level 3B - Lesson Book: Piano Adventures

Customer Reviews

My daughter just started this book. The songs are beautiful to listen too and she's been progressing nicely with the Piano Adventure books.

I never have any complaints about Faber books. Their music is fun, memorable, and perfect for the levels they advertise it at. Some of the newer adaptations of the books are missing songs I loved growing up, but their new songs are just as good. I would recommend Faber to anyone.

Really enjoy watching the students learn the beautiful teaching arrangements. I've never had a student complain about Faber Piano Adventures!

Great book and good value. Easy to purchase and quick shipping.

This is the best piano lesson series available in my humble opinion. I have been teaching private piano lessons for almost 10 years now and have tried many different series...none compares!

I am using the entire series to learn and feel they do an excellent job on their series of books. Would highly recommend this series
