Works Great!

Another great reference resource by Richard. Thanks. I have had a month and its already getting worn and dogeared.

This books has many toys to check out with some that are not usually found in similar books. I have enjoyed remembering toys of my childhood as well as those that were made and enjoyed long before i was even born.

This was what I needed to give me information about the variety of toy soldiers I have. I found the book very helpful and the book was in good condition.It was also a good sorce about the background of the companies.An interesting read.

Lots of knowledge

very good

Nice!

For collectors of Toy Soldiers an invaluable guide
