Good job indeed! I always like Augustyniak's works as he's very accurate in his descriptions and shares also lovely pictures of dolls which are important to guide collectors within the huge world of Barbie dolls. I especially appreciated this book about international versions of dolls as I'm Italian and

recognized many of them as sold in my country alone. It was also useful to know about special editions from other countries such as Japan or Philippines. Thanks Michael,...Giorgia Testa

Michael Augustyniak started collecting Barbie and Ken dolls in 1988, and has attended 11 national Barbie Collector's Conventions since 1991. He earned his Bachelor's degree from Indiana University in 1992, with a double major in English and social studies. His love of writing and photography are reflected in his books. He is considered a leading authority on Barbie.

Purchased as a gift for my mom. It was good, but would've preferred more for the price.

great

Just what we needed. Wish I could find a newer copy with updated pricing.

As I am just starting a collection of Barbie Dolls for my granddaughter age 5, I found this book to be very informative. On the downside, it has cost me a pretty penny so far buying Barbies since I find one doll series in the book that outdoes another ! Great book for someone with not quite the knowledge that this book gives you. Very glad I purchased it. My granddaughters Barbie collection has really taken off !

This is by far the best and most complete Barbie book I have ever seen. Very colorful and up to date. Very informative as to the correct value of barbies for the serious collector. Beautiful full color pages and the value of the dolls is right there with the pictures. The author has done his homework. This book is worth its weight in Gold for the Barbie collector. I highly recomend for the beginner collector to the most serious collector. A+++++++

This is such a beautifully pictured and useful book. I use it not only for the information and price guide, but also as a record of my doll collections.

Would liked to have seen more of the vintage clothing in addition to the dolls .

My mom has collected barbies since the 60's, but most of her dolls are from the 80's on up. This edition brought her much joy because it covered all the modern dolls she has. She has read it three

times since she got it in mid January, and each time she sees something she missed.
